Timișoara, Aleea Studenților nr. 10  
+40 726 441 845

- **Experience:**

Cedacri: 16.10.2020 - 20.09.2021

Junior Software Developer

Revised, modularized and updated old code bases to modern development standards, reducing operating costs and improving functionality in pyspark.

Coordinated with project management staff on database development timelines and project scope.

Corandus: 25.10.2020 - present

Junior Software Developer

During my time at corandus, I worked on the backend side in spring boot (fixing bugs) and on the frontend side in Angular (adding new components). For the load testing part I wrote a simulator, which I run from the jmeter.

- **Education:**

Polytechnic University of Timișoara: 2019-Present

Bachelor: Automation of Computer

section: Computer and Information Technology

Liceul Academic de Arte Plastice “Igor vieru” (Chișinău) 2011-2019

- **Skills:**

Programming language:

C(intermediate)

Assembly(basic)

Java

Frameworks: Spring (Boot, Core, MVC),

JPA (Hibernate), maven

Testing tool (Jmeter)

Testing (JUnit)

Angular(basic)

Python

Frameworks: Pyspark

JavaScript

SQL

Arduino

Good understanding of:

Data structure, algorithm, git and Agile Scrum workflow.

Basic knowledge of:

AWS, Docker, Jenkins

- **Activities & Projects:**

The website's main goal is helping clients, designers and companies by offering the possibility to choose a certain piece of furniture modeled by a desired designer and provided by a picked-out company. I used Spring Boot, Hibernate and MySQL. The repository can be found [here](#).
